To the Executive Board of Treffpunkt Privatstiftung

I am writing this letter to convey my deep and genuine gratitude for your sponsorship of my Master of Arts at The Royal Academy of Dramatic Art in London. Your support is allowing me to continue pursuing my artistic education, to thrive and grow in one of the best drama schools in the world, and to keep my hopes of becoming an international, cross-cultural artist alive. In this business-orientated age, you have had the heart to support the dream of a young actress. I know that it is not the most obvious choice, which makes me all the more astounded by your generosity and philanthropic spirit.

I can assure you that this incredible gift will not go to waste. I have committed the entirety of myself to taking full advantage of the enriching experience of this program and all the opportunities that follow. After my graduation, I will apply every effort to share my knowledge, heart and sensitivity with people all over the globe in order to build a common culture, and a place of meeting.

Every person, even the most prestigious artist, needs support at the beginning. Without your invaluable contribution I would not be able to fulfil this dream and develop my artistic craft in such a beautiful and unique educational environment. I am profoundly thankful for this opportunity. Thank you for giving me a chance and for believing in me.

Sincerely,
Rose Klekotko
